BRIAN'S REPORT

2023 has been a very smooth and enjoyable year at Waldenwoods. So nice to see life get back to at least closer to normal with families out enjoying the great amenities and atmosphere that our resort life offers. We continue to invest heavily in the resort this year with even more 30/50 amp full-hookup campsites complete, and major electrical upgrades in several parts of the campground. Our final phase should be up and operational in the Spring of 2024. This has been a challenging project but we've worked very hard as a team to get everything done right and working smoothly.

Some additional big hitter improvements we've made this year: we finished the renovation of the pool with new liner painting, renovated our entrance gatehouse, introduced a guest pass system on CRM, and added high-speed EV Charging Stations. It's important to note that as we are building these new sites, we are also improving the infrastructure along the way (electrical, water, sewer, drainage, wifi, gate system, etc.) making camping at Waldenwoods better all around. Thanks for your patience during construction! We look forward to many years of benefit for everyone!

Bring some friends over and sign them up for a tour! Our referral program pays you for letting us know who you want our next members to be. Submit your referrals to sales@waldenwoods.com and they'll be your referral for the next 2 years.

"A large liberty is apt to distract rather than to instruct the learner; it is much better to be confined to a few authors than to wonder at random over many."
